Silver Defense

Say Goodbye to Skeptics

Our Silver Defense formulation is an ultra-premium, nano (molecule sized) silver backed by multiple patents and hundreds of independent safety and efficacy studies. This “silver sol” form of silver has been demonstrated in multiple studies to be more effective than ionic or colloidal forms of silver.

Boost Immunity

Silver Defense liquid can be safely ingested and added to room humidifiers, inhalers and misters. Silver doesn't “poison” viruses, so a virus can't mutate to become resistant to the power of silver. Instead, nano-silver is a safe, natural substance that attaches itself to pathogenic microorganisms and stops them in their tracks by smothering them. Silver Defense doesn't harm your beneficial probiotic bacteria, and there is no risk of nano-silver turning your skin blue because it doesn't accumulate in the body. Order Silver Defense 8 oz. liquid & topical Gel today so you have it handy when you need it.

More than 100 Laboratory Tests Prove That Nano-Silver:

- *10 PPM of silver*
- *Safe, non-toxic, no adverse effects or contraindications*
- *Does not interfere with beneficial intestinal flora*

Greenenergy+

Cleanse Your Blood & Nourish Your Body

For optimal health and consistent high energy, our bodies benefit from daily detoxification. Green foods contain chlorophyll (stored sunlight) which helps red blood cells deliver oxygen throughout the body. One result of improved oxygenation is the elimination of toxins. Experts agree that daily supplementation with a chlorophyll-rich superfoods powder, such as our new and improved Greenenergy+, is an effective and affordable way to help your body to gently eliminate toxins. Greenenergy+ provides significantly more than just greens. It is loaded with concentrated and easily assimilated nutrition from fruits, vegetables (such as beet root powder), tonic herbs, cell-protective antioxidants, plant-sourced enzymes, and probiotics to support your healthy gut, your immune system, and a more cheerful disposition. Greenenergy+ is an ideal tonic to start your morning, or as a mid-afternoon pick-me-up. It is nearly impossible to obtain such high-quality nutrition from eating normal meals. Plus, Greenenergy+ is delicious!

KinoTox® Pads

Cleanse While You Sleep

We all have hundreds of man-made chemicals in our bodies, much of which our normal healthy elimination processes cannot adequately remove. Nearly everything we are exposed to contributes to this toxic load.

Toxins undermine our health by stressing our cellular, biochemical, and organ functions. As toxins continue to accumulate, they can trigger the breakdown of our immune system and major organs. Unfortunately, toxins are unavoidable. They pose a serious threat to the quality of our health.

For effective natural immunity and optimal health, the body needs to maintain a balance between absorption of nutrients and excretion of wastes and toxins. Common sense indicates that the sooner we remove naturally excreted toxins through the skin the better it is for our immunity and health.

KinoTox Promise

KinoTox® Pads expedite the absorption through the skin of naturally excreted toxins. Healthy Habits was first to import pads with this formula over 15 years ago and they remain one of our top reordered products because they work!

Ingredients

Agaricus Mushroom, Eucalyptus Tree Vine Vinegar, Bamboo Vinegar, Tourmaline, Chitosan, Saururus Chininsus, Houuttuynia Cordata, Oak Vinegar. Each box contains 10 pads.

Daily Essential Magnesium

The Most Important Mineral for Seniors

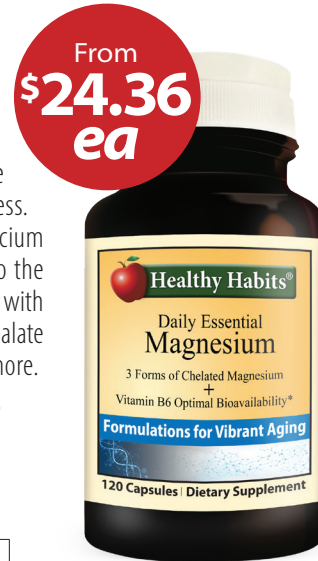

Magnesium (Mg) is essential for the healthy function of your heart, brain, liver, plus every muscle and nerve, and over 300 processes throughout your body! Most people are Mg deficient, even when they are supplementing with Mg-- due to taking the wrong kind. The cheap forms of Mg found in most drug store brands are almost useless. Often, Mg is combined with calcium in a formula for bones, but calcium competes with magnesium for absorption when taken together, so the magnesium is mostly excreted. Daily Essential Magnesium was created with three of the best assimilated forms of Mg: the glycinate, citrate, and malate delivery systems, plus vitamin B6 to boost your assimilation even more.

Beta Glucan 1,3/1,6

Immune System Strength Like Never Before

Beta Glucan 1,3/1,6 – is a powerful immune modulator; in fact, it is one of the safest and most impressive allies in regaining healthy immune function (that is also safe for those with autoimmune issues). This natural source of polysaccharides is shown in hundreds of studies to be highly effective for both immunodeficiency problems and autoimmune disorders. The Beta Glucan particles travel throughout the body helping create more macrophages to surround and destroy invaders.

Beta Glucans have such precise effects that the type used must fit like a key in a lock. The quality and sources of Beta Glucan vary widely, and studies show that you'll benefit most from choosing one made from baker's yeast extract (*saccharomyces cerevisiae*).

Aloe Relief

Organic Whole Leaf Aloe Juice

Aloe Vera is a one of the most respected & valued plant medicines in the world. It is an effective natural pain reliever & tissue healer. The whole leaf delivers more than 75 known active components.

One of these is salicylic acid, which has been shown to disrupt the production of inflammation-causing hormones & provides an analgesic effect, thereby reducing pain. It contains healing enzymes, including bradykinase, which inactivates a chemical that contributes to chronic pain and inflammation. It also naturally inhibits COX-2, an enzyme that causes inflammation. Digestive health is another area where relief may be quickly evident, according to clinical studies on patients with stomach ulcers & other ailments involving inflammation of the gastrointestinal tract. It is frequently used to soothe heartburn, too.

In many parts of the world aloe vera is a traditional remedy for diabetes mellitus. Studies show that whole leaf aloe vera gel may safely decrease & control blood glucose levels & sugar spikes in people with Type 2 diabetes & pre-diabetes.

CoQ10 Ubiquinone

Essential Heart Fuel for People Over 30

Few nutrients are as vital to your heart and health as Coenzyme Q10 (CoQ10). It is used by the mitochondria ("power plants") of your cells to produce cellular energy, and also acts as a powerful antioxidant. It makes sense that the highest concentrations of CoQ10 are found in the heart and the other organs that never rest, since they need it most. As we age, our reserves of this vital nutrient rapidly decline. You will likely notice more energy and stamina, improved periodontal health, and overall improvement in how you feel. One capsule provides 200 mg. of the best-researched form of CoQ10.

CoQ10 Ubiquinone Supports:

- **Improved insulin sensitivity**
- **Improved energy & stamina**
- **Essential for People Taking Statin Drugs**
- **A healthy heart and brain**
- **Protection of lung tissue**
- **Improved periodontal health**
- **Improved exercise performance & much more**

Nattokinase NSP-2TM

Japanese Secret to Better Blood Flow

The Japanese have been eating Natto (fermented soybeans) for nearly 1000 years. Natto has long been recognized as one of Japan's most unique traditional health foods. Highly nutritious and rich in protein, it is often eaten with cooked rice. For centuries, Natto has been made using a specialized fermentation process by adding beneficial bacteria, Bacillus Natto to soybeans. Fermentation enhances the nutrition of soybeans and develops a unique flavor and texture.

Natto's natural enzyme, nattokinase was discovered at University of Chicago in 1980. Dr. H. Sumi discovered a high activity of blood clot dissolving enzyme (Nattokinase) in the sticky portion of the Natto. Within the Natto's texture consists a complex of poly-glutamic acid, poly-saccharide and fructan.

Nattokinase has been shown to increase oxygen delivery ability and energy levels, improve memory function, keep blood flowing freely, maintain healthy artery walls and improve overall health. Now the secret is out. You can receive the health benefits that the Japanese have been enjoying for centuries.

MINEREX®

Fixes Mineral Deficiency & Imbalance

Estimates are that approx. 90% of Americans suffer from a mineral deficiency or imbalance. When consumed in proper ratios, ionic and trace minerals have a profound effect on your overall health and wellness. Unfortunately, they have become increasingly difficult to consume through your diet due to modern farming techniques that have stripped the soil of most of its minerals and nutrients. You Won't Find Cheap Metallic Minerals Here

MINEREX® is a complete mineral supplement that combines premium North American plant-based and seabed minerals to provide your body with essential nutrition. Just 2 capsules daily are all it takes to get the full amount of necessary bioavailable trace and ionic minerals. It is easily assimilated, gentle on your system and is designed to deliver results you won't find with cheap metallic colloidal minerals. Supplementing with trace minerals is vital for those taking Circulation w/EDTA.

BioVitale-H2O®

Instantly Healthier & Purer Water

There is no pure water. Only at birth, within our cells, is water found in its pure state. However due to exposure to stress, pollutants and radiation water loses its original geometric properties and begins to destabilize. However, water is responsible for all interactions that control cell behavior and ultimately dictates the state of well-being. Water provides the medium to make life-sustaining reactions possible. In short, the chemistry of life is water chemistry.

Healthy Habits® BioVitale-H2O® is leading edge technology. BioVitale-H2O® has no competition. There many more molecules in BioVitale-H2O® water clusters and the clusters have a stronger bond. Considering this, we can begin to see how the unique properties of BioVitale-H2O® are unparalleled and essential to purifying our body and the environment. Add BioVitale-H2O® to all fluids consumed.

Ecklonia Cava

Better Sleep, Sharper Mind, Healthier Heart

Ecklonia Cava Extract (ECE) is a standardized, organic complex that comes from a species of sea plants found in the clean ocean near S. Korea. Extensive research has revealed that ECE acts as a powerful antioxidant— providing 12 hours of free radical scavenging (compared to 30 minutes for green tea). Because it is fat-soluble, ECE can cross the blood-brain barrier, therefore its cell protective benefits can penetrate deeply into the fatty tissues of the brain and body where much of the toxicity & damaging free radicals hide. Healthy Habits® combines Ecklonia Cava with L-Carnitine & Grape Seed Extract for optimal effectiveness.

Ecklonia Cava Extract Supports:

- **Healthy blood glucose levels**
- **Healthy blood flow and vascular flexibility**
- **Healthy cardiovascular system**
- **Healthy brain function**
- **Healthy relaxation and improved response to stress**
- **Improved sleep when taken at bedtime**
- **Healthy histamine response**
- **Healthy liver function**
